

American Welding Society

Founded in 1919 to Advance the Science, Technology, and Application of Welding

Eastern Idaho - Montana Section 185

October Meeting

When: Thursday, October 28, 2004

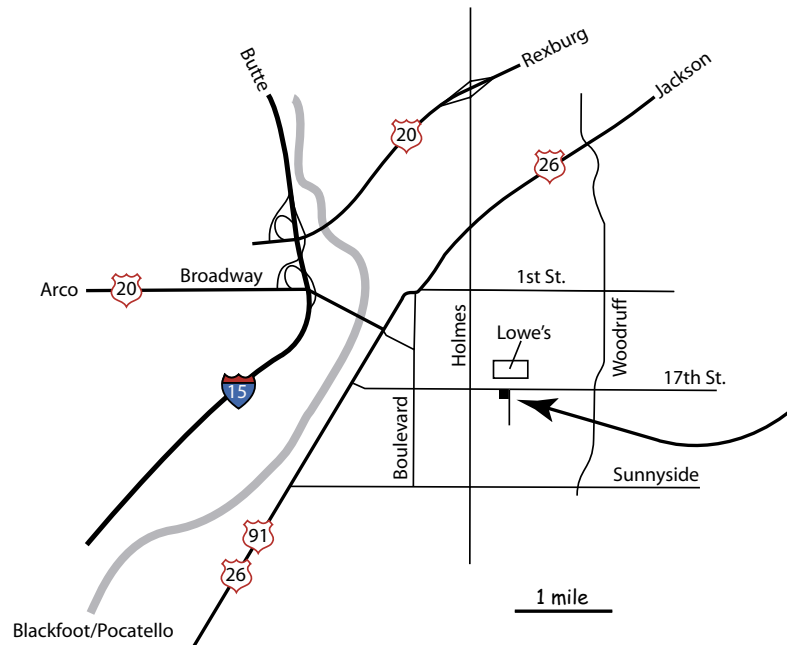

Where: China Super Buffet Restaurant

888 17th Ave., Idaho Falls ID

6:00 Social hour
6:30 Dinner (buffet)
7:30 Business meeting
7:45 Technical Presentation

INEEL Welding Research

Art Watkins and other INEEL researchers will present the latest results and prospects in welding research, including waste canister closure welds and inspection techniques for the Yucca Mountain Repository and other spent nuclear fuel applications, the latest NDE techniques, and welding issues for new generation nuclear power reactors.

Officers 2004-2005

Denis Clark
Chair
Idaho Falls, ID
208-526-0746
lln@inel.gov

Charles Tolle
1st Vice Chair
Idaho Falls, ID
208-526-1895
toller@inel.gov

Bruce Madigan
2nd Vice Chair
Butte, MT
406-496-4576
bmadigan@mtech.edu

Nancy Carlson
Secretary
Idaho Falls, ID
208-526-6302
nmc2@inel.gov

Art Watkins
Treasurer
Idaho Falls, ID
208-526-1217
adw4@inel.gov

Tim McJunkin
Membership
Idaho Falls, ID
208-526-7895
mcjutr@inel.gov

Denis Clark
Education Program

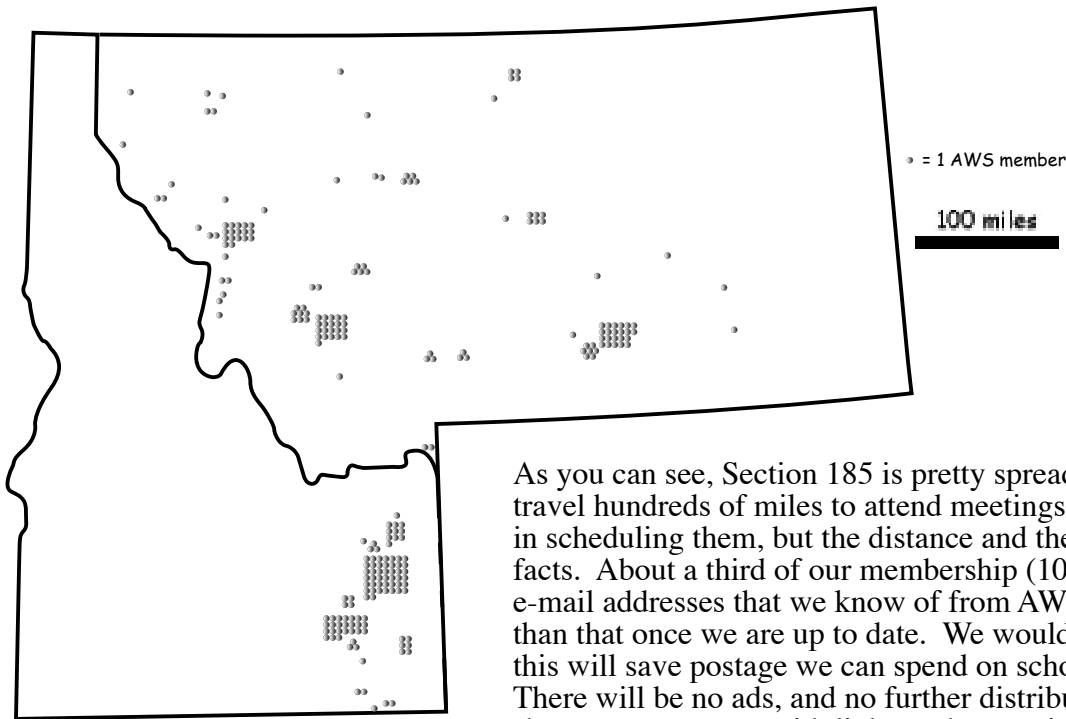

Paul Tremblay
Program
Idaho Falls, ID
208-520-9137
plt@inel.gov

Dale Mortensen
Technical
Representative
Rexburg, ID
208-356-1855
mortensend@byui.edu

Nancy Carlson
District Director

AWS National
550 N.W. LeJeune Road, Miami, Florida 33126

Internet Contacts

As you can see, Section 185 is pretty spread out; it's rare for people to travel hundreds of miles to attend meetings. We try to allow for that in scheduling them, but the distance and the winter weather are just facts. About a third of our membership (100 or so of 270 members) has e-mail addresses that we know of from AWS National-- probably more than that once we are up to date. We would like to notify via e-mail; this will save postage we can spend on scholarships and Section events. There will be no ads, and no further distribution of your address, just short text messages with links to the meeting notice on the AWS server. Then, if you're very interested in a meeting tour or topic, you can easily

find out more. We also feel this will be a gateway to more extensive Internet contact that will bring this diverse and widely spaced group, with a common interest in welding, closer together. If you have no e-mail, or prefer not to do this, we'll continue the regular mailings for you. Otherwise, please send an e-mail to Tim McJunkin, mcjutr@inel.gov, containing your e-mail address and the statement that you would like to participate in this way.
