

AWS NEBRASKA - OCTOBER MEETING

WERE CAN WELDING TAKE YOU?

Rick DePue

Join us for this month's meeting with guest speaker Rick DePue. As Managing Director of Education Services for the American Welding Society, Mr. DePue will give a motivational presentation on "Were Can Welding Take You?"

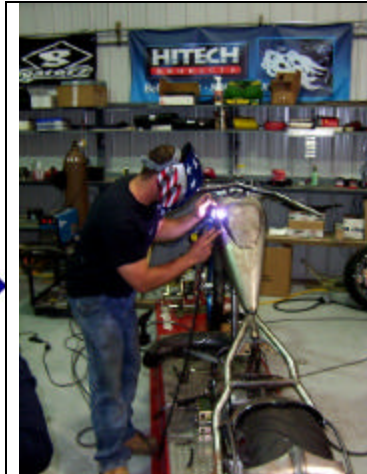

Rick has many years of experience and knowledge in the field of welding. For the welder and those who are considering a career in welding. This will be a very informative talk on opportunities, jobs, welding codes, new technology, training, education, safety and the many different welding processes.

Rick DePue's welding career spans more than 20 years. A welder for 11 years at west Valley Nuclear, a contractor for the U.S. Department of Energy, and the New York State Energy Research and Development Authority, and a welding inspector for 11 years, he is a certified New York State public school teacher, His additional certifications include Senior Certified Welding Inspector (SCWI) Certified Welding Educator (CWE), and Level III in magnetic particle (MT), liquid penetrate (PT), and in visual testing (VT).
