

SDI Butler Flat Roll Division Tour Info

Time and Address:

- When: October 12th at 9:00am.
- Address: 4500 Co Rd 59, Butler, IN 46721.

Arrival and Rules:

- Please enter through the guard gate. When you arrive at the guard gate, the attendant will be expecting you. They will provide a vehicle pass and require you to sign in.
- We will meet at the administration building. There is a map attached to this flyer of the layout of the facility. If you have any questions, feel free to ask the guard shack attendant for directions.

Attire:

- Please wear clothes that you are comfortable getting dirty and dusty. Steel toed boots are not required. Sneakers are suggested. Flats, open toed shoes, heels, and sandals will not be acceptable. Leggings, jeans with holes, dresses, skirts, and shorts are not acceptable. Ear protection, mill coats, hard hats, and safety glasses will be provided to you upon arrival.

General Advice:

- The steel mill tour includes climbing lots of stairs, and the facility is not temperature controlled, meaning that it can get very hot. Please properly hydrate and eat breakfast before the tour. Anyone who has a pacemaker must not enter the melt/cast building around the LMF. Be sure to notify us if you have a pacemaker.

Fun Facts:

- Butler, IN is Steel Dynamics' first steel mill. SDI now has over 100+ locations and is #176 on the Fortune 500.
- SDI is the third-largest steel company in the United States.
- Butler, IN ran its first product in January of 1996, shortly after the company was founded in 1993.
- While the company produces a wide array of products, Butler specializes in flat roll steel. At Butler, SDI produces: Hot roll, Cold roll, Galvanized sheet, Painted products, Tru Steel HD digitally printed steel, Galvalume sheet, and Painted sheet products.
