

AWS Carolina Section

WELDING TECHNOLOGY REVERSE JOB FAIR

*At Guilford Technical Community College
Jamestown, NC*

Thursday, July 17, 9 a.m.-1 p.m.

If you hire welders, you need to come to this event.

40 of GTCC welding program students will be putting their best foot forward starting at 9 AM, July 17.

- See GTCC students welding and fabricating. **Limited PPE will be available, so bring your own so you can talk with the welders as they work.**
- See physical samples exhibiting their welding and fabrication skills
- See picture portfolios of their other work
- Get their Resumes
- Get their References

Be ready to give them your elevator speech –

Why should they come to work for you?

Black Powder Barbeque will cater **lunch** for everyone around noon. If you will be there for lunch, **please advise Don Ellington** at 336 334 4822 ext 50411 or djellington@gtcc.edu so he can **get a good headcount.**

Location

Guilford Technical Community College
6012 W. Gate City Blvd.

Greensboro NC 27407

See the map below

GTCC Center for advanced manufacturing (CAM)

6012 W. gate city Blvd. Greensboro, NC 27407
