

American Welding Society
CENTRAL VALLEY - SECTION 176

AWS

Central Valley Section Meeting

Thursday August 29th, 2024

College of the Sequoias

Building "A"

4999 E. Bardsley Ave, Tulare, CA 95358

Meeting Topic: The Non-Destructive Examination Technique of Magnetic Particle and its many applications

Who Should Attend: Anyone interested in welding inspection, Non-Destructive Examination (NDE), quality assurance and maintenance of critical infrastructure. Anyone interested in welding and hearing about current job opportunities, Welding Inspectors, Welding Students, Educators, Administrators, Working Industry Professionals, and Local Business Owners are encouraged to attend. **American Welding Society Membership is not required to attend.**

Event Agenda:

5:30pm— 6:00pm Welcome / Networking

6:00pm— 8:00pm Dinner & Presentation at no cost

Presenter: PG&E Non-Destructive Examination team

The PG&E Gas Operations NDE team will discuss techniques used in pipeline Construction and maintenance, and Non Destructive Examination (NDE) techniques used in pipeline. The team will cover and demonstrate the NDE techniques uses on pipe such as Magnetic Particle Testing (MT). The team will also provide an overview of their apprentice welding program and discuss potential career opportunities and how to apply for those positions.
