Section, District and National Awards

Each year, we look forward to recognizing our members who have exhibited outstanding commitment to excellence and service at the Section and District Levels. These awards celebrate dedication, expertise, and the advancement of welding as both an art and a science at a National, District, and Section levels.

Please begin the process of considering your nominees National, District, and Section awards and email Jim Thompson District 8 Director your selection(s) prior to District Conference at **jthompsonwelds@gmail.com**. I will compile the selections into one file to present at the conference. Each award description will be included in the meeting announcement. Please complete your selections prior to District 8 Conference.
