Please PRE-REGISTER by November 5, 2025

This presentation will cover digital radiography of welds, additive metal components, and qualification processes for IQI's and RQI's. Examples will be given of relevant vs. nonrelevant indications, circumferential welds, and additive manufactured parts. Learn about a powerful tool used in CT imaging for circumferential welds. Toni and Jeff will both discuss ethics from a NDT inspector and equipment manufacturer's perspective.

Antionette "Toni" Bailey is an ASNT NDT Level III Inspector in RT, ET, UT, PT & MT, and holds the ASNT IRRSP certification. She is the owner of TB³ NDT Consulting.

Jeff Urbanski is a Technical Sales Consultant for Pinnacle X-ray Solutions. He is experienced with microfocus, computed tomography and high energy x-ray imaging techniques across a wide range of applications.

The CT Yankee section welcomes teen guests considering careers in STEM, manufacturing, and trades. (Teens must be accompanied by an adult; teen admission is \$5.00) **Please PRE-REGISTER by November 5, 2025.**
