

American Welding Society
EASTERN IOWA SECTION

LOCATION: 1086 SOUTH 3RD STREET, MANHESTER, IA 52057

XL Specialized Trailers is a prominent designer and manufacturer of custom trailers for heavy haul trucking, construction, agriculture, wind energy, and oil & gas industries. Founded in 1995 by George Wall and headquartered in Manchester, Iowa, the company is rapidly growing and employs hundreds of skilled artisans, including welders, machinists, fabricators, painters, and final assemblers.

The company emphasizes its role in supporting infrastructure and industry, highlighting that every building, road, bridge, wind tower, and oil rig relies on equipment and materials transported by their trailers. XL Specialized Trailers takes pride in contributing to the progress and sustainability of the world by building trailers that keep America moving.
