

1st Annual Clays for Trades

In efforts to raise funds for local scholarships for students interested in pursuing a career in welding

In our continued efforts to support Our mission, to advance the science, technology, and application of welding and allied joining and cutting processes worldwide, including brazing, soldering, and thermal spraying. What does that mean for our members? We provide professional certification, education, and advancement opportunities; access to a network and community of mentors and industry leaders; and the chance to be a part of developing the next generation of welders.

Participants will enjoy a day of shooting sporting clays where food and beverages will be provided. We will raffle off, two (2) shotguns and other prizes. This event is open to anyone who would like to participate. Donations and entry fees will be paid to AWS East Texas Section. Upon request, fees processed will receive proper tax documentation, less any tangible benefits, for your tax filings.
